

PURE AND HUMBLE

MARKHOR HIMALAYAN SALT

Markhor Himalayan Salt is one of the largest distributors of authentic Himalayan pink salt products based in Pakistan. Our core values are integrity, quality and service excellence.

Values and Aims:

We aim to provide our customers with healthy, hygienic and high quality salt owing to their needs. We believe something as pure, yet significant as salt should readily and easily be available to people all across Pakistan for consumption, at an affordable price.

Edible Range

Purity and hygiene is our utmost priority. We supply clean and healthy Himalayan Salt for edible consumption. Mined in the most fertile lands of the Punjab, these salts are rich in Potassium, Magnesium and Calcium. Minerals like these have a variety of health benefits for their consumers.

Inedible Range

Markhor supplies a wide range of mass produced inedible salt products including show-pieces, crockery, candle holders, salt lamps, bath salts and much more. Rising as must haves for every home back in the 1980s, inedible salt products have made a comeback for their medicinal and soothing properties.
